

Montana CARES Individuals

Montana Arts Council

The Montana Arts Council is the agency of state government established to develop the creative potential of all Montanans, advance education, spur economic vibrancy, and revitalize communities through involvement in the arts. Fifteen individuals appointed by the Governor oversee the Montana Arts Council.

Program Description

Montana CARES Individuals acknowledges Montana artists as an essential component of the economy. Grant funds provided will allow artists to engage in their artistic practice. Artistic practice is broadly defined and includes artists, teaching artists, arts administrators, and other arts and culture workers. Funds are intended to help offset lost opportunities related to COVID-19, to be used toward creative efforts, and to support future success. Applicants may be prioritized to equalize awards across geographic area and disciplines.
